The present volume contains the proceedings of the Seventh International East-West Symposium of New Testament Scholars in Moscow 2016. Its contributions are devoted to different aspects of the question of the relation between history and theology in New Testament and extracanonical Gospel literature. They deal with problems regarding the impact of critical historical approaches for New Testament theology, the relation between the Gospels' claim for truth and historical facts, Orthodox receptions of the Gospel literature, and the presentation of "the" Gospel in Byzantine liturgy.

The QRI-5 has long led the field in offering students and teachers alike a reliable and easy-to-use informal assessment instrument. This Fifth Edition continues to emphasize authentic assessment of children's reading abilities, from the most emergent readers to advanced readers. One of the keys to the success of the QRI-5 is that it contains narrative and expository passages at each pre-primer through high school level. All are self-contained selections highly representative of the structure and topic of materials found in basal readers and content-area textbooks. This new edition includes new narrative texts that are even easier than the pre-primer passages previously included. At the same time, it provides graded word lists and numerous passages designed to assess the oral reading, silent reading, or listening comprehension of a student as well as questions to assess prior knowledge. Instructors can measure comprehension by retelling passages, using implicit and explicit questions, and using other devices. What's New in the QRI-5? # Narrative texts even easier than the pre-primer passages previously included, as well as another narrative to all primary grade levels. # Passages at pre-primer through second grade levels that are presented with and without pictures. # Map and illustrations as part of expository selections at fourth through high school levels. # Accompanying DVD content has been expanded to include * Examples of students reading orally * Scored protocols to accompany readings * Directions for administering each segment of the QRI * Tables/Charts that increase consistency of administration, scoring, and interpretation * All student and examiner copies

Willis examines the many orientations and perspectives of reporters that gather and present the news of the day. Debunking the notion that there are limited perspectives journalists may use, Willis examines up to 15 different orientations that reporters bring to their work. These perspectives run the gamut, from the traditional approach of distancing oneself completely from events and people involved to becoming part of the story's fabric to ascertain the story's true essence. Willis also suggests that, for many stories, it is wholly appropriate for journalists to feel what a non-professional would experience at such an event, and to allow those emotions to fuel the reporting and writing of the story. Several examples are discussed in detail, including the coverage of the bombing of the Alfred P. Murrah Federal Building in Oklahoma City on April 19, 1995, and the terrorist attacks of September 11, 2001.

Caroline Clive, sometimes known as Caroline Wigley Clive (1801-1872) was an English author. She was born in Brompton Grove, London. She was the daughter of Edmund Wigley of Shakenhurst, Worcestershire. She married, in 1840, the Reverend Archer Clive. She published, over the signature "V.," eight volumes of poetry, but is best known as the author of Paul Ferroll (1855), a sensational novel about murder, and Why Paul Ferroll Killed His Wife (1860). Other works include: IX Poems (1840/41), I Watched the Heavens (1842), The Morlas (1853), Year After Year (1858), John Greswold (1864) and Poems (1872).

There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. The Union has an easy way out. They want to send Elise into hiding again with her former partner, James Faulkner. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as Godslayer—plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.
